Activities

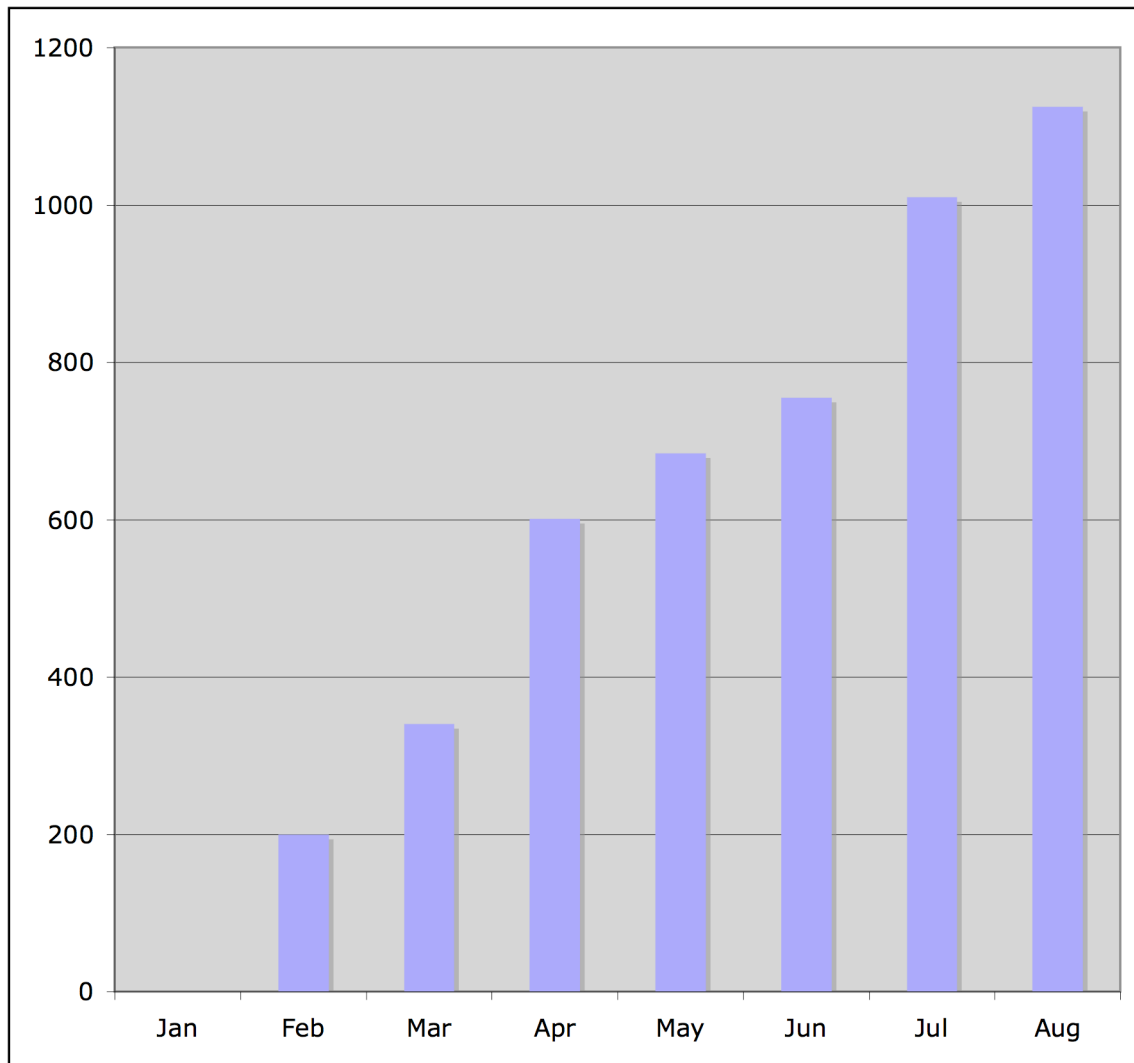

- Technical assistance and training continues.
- Providers are using more functions of CDS:
 - A provider began using the administrative functions for scheduling all classes.
 - A provider began using annotations to tailor content to local needs.
- Presentations
 - A presentation was made at the InterHab Workforce conference in Wichita on July 12th.
 - A presentation was made to a case manager conference in Topeka in July. Case managers have called to register.

- Two presentation proposals were submitted for the October InterHab conference. (One was at InterHab’s request to discuss credentialing and apprenticeship options linked to CDS.)
- Wichita Children’s home is interested in using CDS. We are exploring ways working to make this happen, even though they are not developmental disability service providers.
- CLO will use selected lessons to train potential new hires.
