**ISS removed learners who had completed all lessons and their reports from their database.*

*** Starkey removed learners who were inactive from their data base.*

- ISS moved learners to the state site. Learners have been included in Under the State Administrator.

Activities

Three regional shareshops for administrators were held in Kansas at Wichita, Topeka, and Kansas. Thirty-two administrators attended. The session included sharing best practices, new features of CDS, and innovative implementation strategies. Attendees rated the sessions positively with ratings between 4 and 5 on a 5-point scale. Most indicated that they would like to attend again next year.

Shareshops

	Wichita	Topeka	Parsons
Administrators Attending	11	9	12
Average Rating (1-5 Scale)	4.2	4.7	4.4
Plan to Attend Next Year	70%	100%	88%

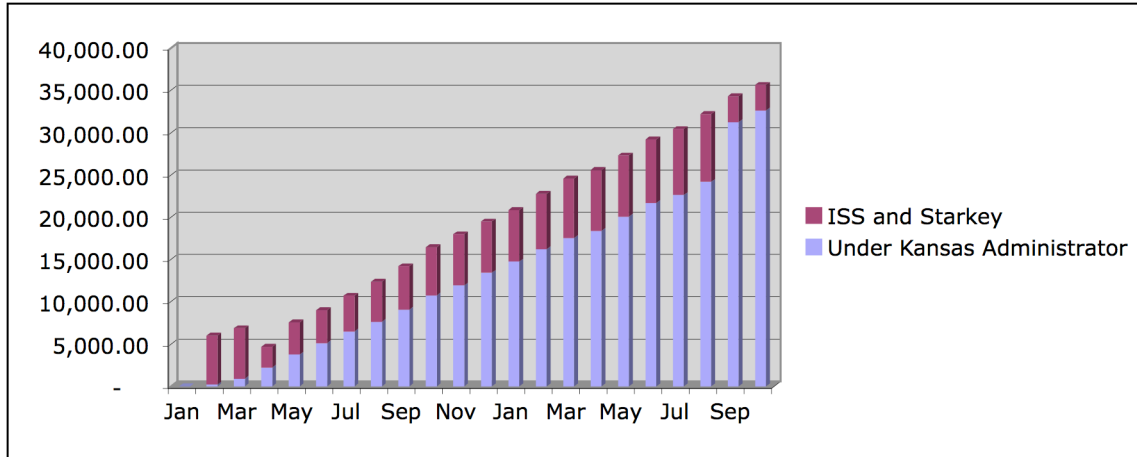

A slight budget modification (\$600 moved from travel) was approved to provide funding for an exhibit at the InterHab Conference and for the shareshops.

Planning for an InterHab presentation featuring the individuals from TARC who are completing the CDS as part of the National Alliance of Direct Support Professional Certificate Program continues.

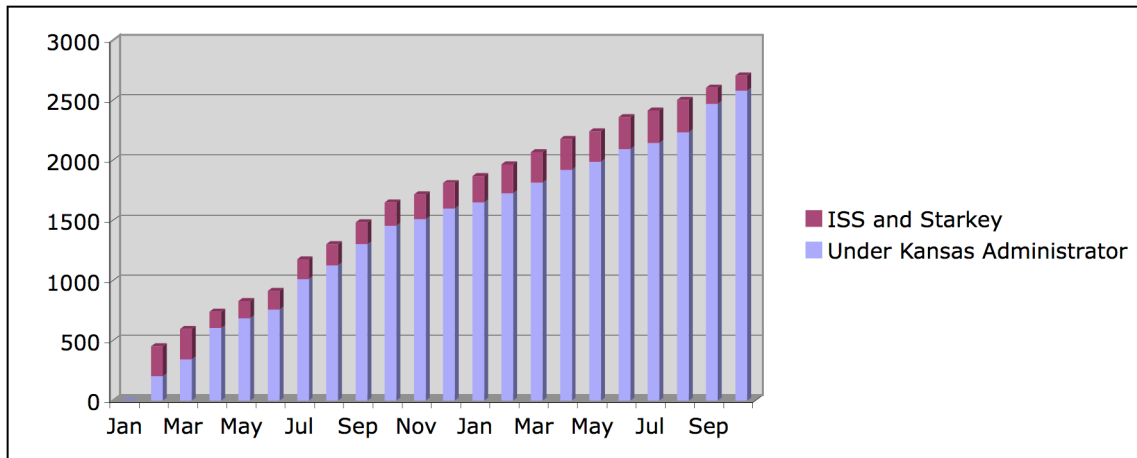

A proposal for a presentation with five other states (Missouri, Minnesota, New Jersey, South Dakota, and Illinois) implementing the College of Direct Support was accepted for the annual Association of University Centers on Developmental Disabilities. Kansas provided the leadership for this proposal and represents the Kansas continued commitment to excellence in training using CDS.

Technical assistance continues to be provided. Forty foster parents now use the College of Direct Support along with 101 service providers and five case management providers.
